

LOGIQ™ E10 series

Empowering you to make the difference

Make a confident diagnosis using comprehensive, clinical tools while leveraging AI to streamline workflow with the next generation of ultrasound leadership.

Confident diagnosis

Experience a new standard in imaging with every pixel in focus to scan, diagnose, and treat a wide range of clinical cases.

- High-quality imaging with **cSound™ ImageFormer** combined with:
 - XDclear™ probes
 - Advanced Speckle Reduction Imaging
 - Adaptive Contrast Enhancement (ACE)
 - CATO & CTO Automatic Optimization
- Confident assessment of any flow state with **advanced flow modes** such as **Radiantflow™**, **Microvascular Imaging**, **B-Flow** and **Micro B-Flow**
- Integrated AI-based decision support with **Breast and Thyroid Assistant** powered by **Koios DS™**

Experience the flexibility of the wireless **Vscan Air™ CL** probe coupled with the processing power of **LOGIQ E10 series**

Comprehensive tools

Improve the precision and speed of diagnoses, guidance, and treatment to ensure consistency and accuracy with advanced imaging tools.

- Liver conditions assessment with **Hepatic Assistant** workflow combining **2D Shear Wave Elastography** and **UGAP Attenuation Imaging**
- **Contrast-Enhanced Ultrasound (CEUS)**
- Confident and accurate biopsy with **B Steer+ Needle Guidance**

Concise workflow

Harness advanced AI-productivity and decision-support tools to help improve diagnostic confidence and efficiency to reduce user clicks and reduce exam time.

- **Auto Abdominal Imaging Suite 1.0**
 - Auto-Renal Measure Assistant
 - Auto Abdominal Color Assistant
 - Auto Preset Assistant
- **Productivity enhancers**
 - EZ Imaging
 - Start Assistant
 - Scan Assistant
 - Raw Data

Smart investment

Achieve more with a total product lifecycle experience and next-generation digital platform to expand as you grow.

- **App API Launchpad** to bring the best solutions from GE HealthCare, researchers, and startups to your LOGIQ system
 - 3rd party applications on device
 - Streaming capabilities to bring high-quality data to connected devices
- **Education, digital support, and service**
 - Verisound™ Fleet
 - Digital Expert Connect
 - SonoDefense
 - LOGIQ Club
 - Probe Check
